

BauderGREEN RS 22 retention strip

V4 12/12/2024

Product description	A flat rail with a series of small steel spikes designed to retain XF 301 sedum blankets on pitched roofs. The strip is fixed to the roof using lengths of Bauder roofing membrane	
Colour	Stainless steel	
Article number	GB50221020	

Characteristic	Unit	Value
Size	mm	22 x 100 x 800
Nominal thickness	mm	1.2
Weight	kg/m ²	1 (per piece)
Delivery Form		Boxes of 24 lengths
Weight per box	kg	24

Installation guidance	Refer to the Bauder Green & Blue Roof Installation Guide. Note: The RS 22 spikes are extremely sharp, the protective cover strip should not be removed until the XF 301 blanket is being fitted.
Product storage guidance	The product can be stored outside on the delivery pallet if applicable (care should be taken to insure there is no damage to the trim). Where there are storage containers on site, these may be suitable for storing products. This product is non-combustible.
Pallet size	36 boxes per pallet
Packaging material	Cardboard boxes
Handling/PPE	All persons using the product should be fully aware of the manual handling methods as roofing materials are heavy and can cause serious injury. When using/handling the product, installers should be provided with, and wear, suitable personal protective equipment.
Shelf life	When stored correctly this product has no stated shelf life.
Recycled Content	circa 85%
Disposal guidance	Waste of the product is not a hazardous substance and can be recycled.
Further information/documents	Current documents such as DoC's, DoP's (where relevant), brochures, installation guides, etc. can be found by visiting www.bauder.co.uk
Safety Data Sheet	Safety Data Sheets are designed to provide the necessary information to recipients of substances and mixtures in the EU & UK. This product is classed as an article; therefore, this product does not have a requirement for a Safety Data Sheet.
